circle of love

WHEN CHOOSING YOUR WEDDING BANDS, YOU WANT YOUR RINGS TO CELEBRATE BOTH YOUR INDIVIDUALISM AND YOUR UNION.

KIMMISON JEWELLERY GEMMOLOGIST Kim Davison notes couples are no longer opting for matching plain gold bands with the wide range of finishes, embellishments and precious metals available. Select from rose, white or yellow gold; titanium; palladium or a combination; and add diamonds or coloured gemstones and unique finishes. Kimmison Jewellery offers a wide range of classic, modern and diamond-set wedding bands plus engraving, and can custom make your perfect piece.
